

Petsfolio Client Application

1. Introduction

1.1 Overview

The Petsfolio Client Application is a comprehensive mobile platform designed to simplify and enhance pet care management for pet parents. It provides a secure, user-friendly, and centralized digital ecosystem where users can manage their pets and access a wide range of professional pet care services from a single application.

Through the Petsfolio Client App, pet parents can register themselves and their pets, discover verified service providers, book pet care services, monitor booking progress, make secure online payments, manage wallet transactions, communicate with service providers, and maintain complete records of their pets and service history.

The application serves as a bridge between pet parents and verified pet care professionals, ensuring convenience, transparency, reliability, and high-quality service delivery throughout the customer journey.

1.2 Purpose

The purpose of the Petsfolio Client Application is to provide a centralized digital platform where pet parents can conveniently manage every aspect of their pet's care without the need to search for multiple service providers individually.

The application enables users to:

- Register and securely access their account using OTP authentication.
- Create and manage multiple pet profiles.
- Discover verified and trusted pet service providers.
- Book pet care services based on their requirements.
- Schedule services for preferred dates and times.
- Track booking and service progress in real time.
- Communicate with assigned service providers.
- Make secure online payments.
- Manage wallet balance and transaction history.
- View booking history and invoices.
- Receive booking updates, reminders, and notifications.
- Earn loyalty rewards and promotional benefits.

- Rate and review completed services.
- Access customer support whenever assistance is required.

The application is designed to simplify pet care management while improving accessibility, efficiency, transparency, and customer satisfaction.

1.3 Objectives

The primary objectives of the Petsfolio Client Application are:

- Provide a seamless and user-friendly service booking experience.
 - Connect pet parents with verified and trusted service providers.
 - Enable secure and transparent online payment processing.
 - Deliver real-time booking status updates and notifications.
 - Simplify digital pet profile management.
 - Maintain complete booking, payment, and service history.
 - Improve customer convenience through centralized service management.
 - Build customer trust using verified professionals and transparent reviews.
 - Increase customer engagement through loyalty rewards and wallet benefits.
 - Deliver a reliable and efficient digital pet care ecosystem.
-

1.4 Target Users

The Petsfolio Client Application is designed for:

- Pet Owners
 - Dog Owners
 - Cat Owners
 - First-Time Pet Parents
 - Families with Multiple Pets
 - Individuals seeking professional pet care services
-

1.5 Key Features

The Petsfolio Client Application includes the following core modules and features:

User Management

- User Registration
- OTP-Based Authentication
- Profile Management
- Account Settings

Pet Management

- Add Pet Profiles
- Edit Pet Information
- Manage Multiple Pets
- Store Pet Details

Pet Care Services

Users can book the following professional pet care services through the application:

- Dog Walking
- Grooming
- Pet Training
- Pet Sitting
- Veterinary Consultation
- Pet Insurance

Each service provides its own booking workflow, availability, pricing, and assigned service provider.

Booking Management

The booking system allows users to:

- Select a service.
- Choose one or more pets.
- Select service location.
- Schedule preferred date and time.
- Review pricing details.
- Confirm bookings.
- Track booking progress.
- View active bookings.
- Access completed booking history.
- Download invoices where applicable.

Payments

The application supports secure online payments and allows users to:

- Make payments during booking.
- View payment history.
- Check payment status.
- Access booking invoices.

Wallet Management

The integrated wallet enables users to:

- View wallet balance.
- Add funds.
- Use wallet balance for bookings.
- View wallet transaction history.
- Track credits and debits.

Notifications

Users receive notifications for:

- Booking confirmation.
- Service provider assignment.
- Booking status updates.
- Payment confirmation.
- Booking cancellation.
- Promotional offers.
- Loyalty rewards.
- Important announcements.

Ratings and Reviews

After service completion, users can:

- Rate service providers.
- Submit reviews.
- Share service experiences.

Ratings and reviews help maintain service quality and improve transparency across the platform.

Loyalty Rewards

The loyalty program provides benefits such as:

- Reward points.
- Promotional offers.
- Special discounts.
- Future booking benefits.

Customer Support

Users can contact customer support for:

- Booking assistance.
 - Payment-related queries.
 - Service-related issues.
 - Technical support.
 - General inquiries.
-

1.6 Benefits

Using the Petsfolio Client Application provides the following benefits:

- A single platform for all pet care needs.
 - Easy and convenient online booking.
 - Access to verified and trusted service providers.
 - Secure online payment processing.
 - Real-time booking and service tracking.
 - Digital wallet for faster transactions.
 - Reward points and loyalty benefits.
 - Transparent ratings and customer reviews.
 - Centralized management of pet records.
 - Complete booking and payment history.
 - Reliable customer support.
-

1.7 Scope of the Application

The Petsfolio Client Application manages the complete customer journey, from user registration to successful service completion.

The application supports:

- User registration and authentication.
- Personal profile management.
- Pet profile management.
- Service discovery.
- Service booking.
- Booking scheduling.
- Secure payment processing.
- Wallet management.
- Booking tracking.
- Notifications and alerts.
- Booking history.
- Invoice management.
- Ratings and reviews.
- Loyalty rewards.
- Customer support.

The platform provides an end-to-end digital experience for pet parents to manage their pets and access professional pet care services efficiently.

1.8 Business Value

The Petsfolio Client Application delivers significant business value by creating a centralized digital ecosystem that connects pet parents with verified pet care professionals.

The platform improves customer convenience by offering multiple pet care services through a single application while increasing accessibility, transparency, and trust.

Key business benefits include:

- Improved customer experience through centralized service management.
- Increased accessibility to verified pet care professionals.
- Higher customer trust through verified service providers and transparent reviews.
- Streamlined booking and payment processes.
- Enhanced customer engagement through loyalty programs and wallet benefits.
- Increased customer retention through personalized digital experiences.
- Efficient management of bookings, payments, and service history.
- Better operational transparency for customers and service providers.
- Strengthened long-term customer relationships through reliable and consistent service delivery.

Pet Parent Registration

Overview

The Pet Parent Registration process allows new users to create a Petsfolio account using a valid mobile number. Registration is secured through OTP (One-Time Password) verification to ensure that only authenticated users can access the application.

Users are required to review and accept the Terms & Conditions and Privacy Policy before completing the registration process.

Registration Process

The registration process consists of the following steps:

1. Enter a valid mobile number.
 2. Receive a One-Time Password (OTP).
 3. Verify the OTP to authenticate the mobile number.
 4. Accept the Terms & Conditions and Privacy Policy.
 5. Complete the user profile by providing the required information.
 6. Create the Petsfolio account.
 7. Access the Petsfolio Home Page.
-

User Information Collected

During profile completion, the application collects the following information:

Field	Required	Description
Full Name	Yes	Name of the pet parent.
Email Address	Optional	Used for communication and account-related notifications.
Profile Photo	Optional	Personal profile image displayed within the application.

Registration Validation

The application validates the following before creating an account:

- Valid mobile number.
- Successful OTP verification.
- Acceptance of the Terms & Conditions.
- Acceptance of the Privacy Policy.
- Full Name provided.

Registration is completed only after all mandatory validations are successful.

Registration Outcome

After successful registration:

- The user account is created.
 - The user's profile is stored securely.
 - The user is redirected to the Petsfolio Home Page.
 - The user gains access to all available features and pet care services.
-

Add Pet

Overview

The Add Pet feature allows pet parents to register and manage their pets within the Petsfolio Client Application. Registered pets can be selected during future service bookings without requiring the pet details to be entered again.

The application currently supports adding the following pet types:

- Dog
 - Cat
-

Pet Information Collected

When adding a pet, the following details are collected:

Field	Required	Description
Pet Type	Yes	Dog or Cat.
Pet Name	Yes	Name of the pet.
Age	Yes	Age of the pet.
Breed	Yes	Breed of the pet.
Gender	Yes	Male or Female.
Profile Photo	Optional	Photo of the pet.

Ways to Add a Pet

Users can register a pet through either of the following methods:

1. Profile Section

Users can navigate to the Profile section and add, edit, or manage their pets at any time.

2. During Service Booking

If a user has not previously registered a pet, the application provides an option to add a new pet during the service booking process before proceeding with the booking.

Pet Management

After a pet is successfully added:

- The pet profile is linked to the user's account.
 - The pet is saved for future use.
 - Multiple pets can be registered under the same account.
 - Existing pet information can be updated whenever required.
 - Registered pets can be selected directly while booking any supported pet care service.
-

Benefits

The Add Pet feature provides the following benefits:

- Centralized pet profile management.

- Faster service booking.
- Reduced need to enter pet information repeatedly.
- Support for multiple pets under a single account.
- Consistent pet information across all bookings and services.

Walking Service (Regular)

Overview

The Regular Walking Service enables pet parents to book professional dog walking services based on their pet's daily exercise requirements. The service connects users with verified service providers who offer scheduled walking sessions according to the selected package, frequency, duration, and preferred timings.

The service is designed to provide a safe, reliable, and convenient walking experience while allowing pet parents to customize their booking based on their pet's needs.

Eligibility

The Regular Walking Service is currently available only for **Dogs** registered in the Petsfolio Client Application.

Users must register their pet before booking the service.

Booking Process

The Regular Walking Service booking process includes the following steps:

1. Select the registered pet.
2. Choose the Regular Walking Service.
3. Select the walking frequency.
4. Select the preferred walk duration.
5. Choose the walking package.
6. Select the preferred schedule.
7. Choose the service start date.
8. Select the preferred service time.

9. Choose optional add-on services (if required).
10. Submit the booking request.

Once submitted, the request is shared with eligible nearby service providers for quotation.

Walking Frequency

Users can choose one of the following walking frequencies:

- Once a Day
 - Twice a Day
 - Thrice a Day
-

Walk Duration

Each walking session can be scheduled for:

- **30-Minute Walk Duration**
 - **60-Minute Walk Duration**
-

Package Options

The application offers multiple package durations:

Package	Duration
Express Package	3 Days
Short-Term Package	7 Days
Mid-Term Package	15 Days
Long-Term Package	30 Days

Schedule Options

Users can choose their preferred walking schedule:

- Weekdays
- All Days

Additional scheduling information includes:

- Service Start Date
- Preferred Service Time

Optional Add-On Services

The following add-on services are available during booking:

- Poo Picking
- Paw Cleaning
- Combing

These add-ons provide additional care during the walking session and can be selected based on the pet parent's preferences.

Service Provider Quotation

Overview

After a walking service request is submitted, the Petsfolio platform automatically shares the request with nearby eligible and available service providers based on the selected service location.

Interested service providers can review the booking request and submit their quotations through the application.

Quotation Information

Each quotation includes information that helps pet parents compare available service providers, including:

- Service Cost

- Service Provider Profile
 - Customer Ratings
 - Completed Service History
 - Verification Status
 - Relevant Provider Information
-

Selecting a Service Provider

Pet parents can review and compare all received quotations before confirming the booking.

The application allows users to compare:

- Pricing
- Ratings
- Experience
- Verification Status
- Provider Details

Once a suitable quotation is selected, the user can proceed with payment to confirm the booking.

Active Service

Overview

After successful payment and booking confirmation, the walking service appears under the **Active Services** section on the Home Page.

The Active Services module enables users to monitor and manage their ongoing walking services.

Available Information

Users can access:

- Current booking status

- Walk progress
- Assigned service provider profile
- Selected package
- Walking schedule
- Booking details
- Service information

The booking remains available in the Active Services section until the service is completed.

Extend Service

Overview

The Extend Service feature allows pet parents to continue an existing walking service without creating a new booking.

This feature helps users seamlessly extend ongoing services with the same assigned service provider.

Extension Process

To request an extension, users can:

1. Open the active walking service.
 2. Select the **Extend Service** option.
 3. Choose the preferred package.
 4. Select the required service duration.
 5. Choose the preferred schedule and timings.
 6. Submit the extension request.
-

Approval Workflow

After submission:

- The extension request is sent to the assigned service provider.
- The request is displayed with a **Pending** status until reviewed.

- If accepted, the status changes to **Accepted**.
 - The user can then complete the payment.
 - After successful payment, the extended service is confirmed.
 - The updated schedule is reflected in the active booking.
-

Replace Walker

Overview

The Replace Walker feature allows pet parents to request a different service provider for an active walking service if they are not satisfied with the assigned walker.

Reasons for Replacement

Users may request a replacement for reasons including:

- Walker not attending scheduled walks.
 - Poor punctuality.
 - Unprofessional behavior.
 - Service quality concerns.
 - Other valid service-related issues.
-

Replacement Process

Once a replacement request is submitted:

- The Petsfolio support team reviews the request.
 - A suitable verified service provider is identified based on availability.
 - The remaining walking schedule is assigned to the new service provider.
-

Cancel Service

Overview

The Cancel Service feature allows users to cancel an upcoming or active walking service whenever required.

Cancellation Process

To cancel a service, users can:

1. Open the active booking.
 2. Select the **Cancel Service** option.
 3. Provide a cancellation reason (if applicable).
 4. Submit the cancellation request.
-

Cancellation Policy

Cancellation requests are processed according to the Petsfolio cancellation policy.

Depending on the booking stage and applicable terms:

- Eligible refunds are processed.
 - Wallet adjustments are made where applicable.
 - Booking status is updated accordingly.
-

Elite Walking Service (Premium)

Overview

The Elite Walking Service is a premium dog walking service designed for pet parents who prefer enhanced care, priority support, and exclusive service benefits. This service is provided exclusively by **Petsfolio Certified and Verified Service Providers**, ensuring a higher standard of professionalism, reliability, and service quality.

Unlike the Regular Walking Service, the Elite Walking Service includes premium benefits such as **24/7 customer support, Priority Matching** with the most suitable service provider, and complimentary pet care add-ons. The service is designed to deliver a personalized and premium walking experience for pets and their owners.

Eligibility

The Elite Walking Service is currently available only for **Dogs** registered in the Petsfolio Client Application.

Users must register their pet before booking the service.

Premium Benefits

Every Elite Walking Service booking includes the following benefits:

- Petsfolio Certified & Verified Service Providers.
 - Priority Matching with the most suitable available service provider.
 - 24/7 Customer Support.
 - Complimentary Paw Cleaning.
 - Complimentary Combing.
 - Premium service experience.
 - Dedicated service management.
-

Booking Process

The Elite Walking Service booking process includes the following steps:

1. Select the registered pet.
2. Choose the Elite Walking Service.
3. Select the preferred walking frequency.
4. Choose the walk duration.

5. Select the preferred Elite package.
6. Choose the walking schedule.
7. Select the preferred service start date.
8. Choose the preferred service time.
9. Select optional add-on services, if required.
10. Confirm the service address.
11. Proceed to payment.
12. Complete the booking.

After successful payment, the booking is created automatically.

Walking Frequency

Users can choose one of the following walking frequencies:

- Once a Day
- Twice a Day
- Thrice a Day

Walk Duration

Each walking session can be scheduled for:

- 30 Minutes
- 60 Minutes

Elite Package Options

The Elite Walking Service offers the following premium packages:

Package	Duration
---------	----------

Paw Start	30 Days
-----------	---------

Paw Prime	60 Days
-----------	---------

Paw Elite	180 Days
-----------	----------

Paw Royal	365 Days
-----------	----------

Schedule Options

Users can choose their preferred walking schedule:

- Weekdays
- All Days

Additional scheduling information includes:

- Service Start Date
 - Preferred Service Time
-

Add-On Services

Complimentary Add-Ons

The following services are included with every Elite package at no additional cost:

- Paw Cleaning
- Combing

Optional Paid Add-On

The following add-on can be selected during booking:

- Poo Picking
-

Booking Status

Service Provider Not Assigned

Immediately after successful payment:

- The booking is created successfully.
- The booking appears under the **Bookings** section.
- The initial booking status is displayed as **Service Provider Not Assigned**.

This status indicates that the booking has been confirmed but an Elite service provider has not yet been allocated.

Service Provider Assignment

Once a suitable Petsfolio Certified Service Provider is assigned:

- The booking status is updated automatically.
 - The booking moves to the **Active Jobs** section.
 - The assigned service provider's details become available.
 - The walking service becomes active.
-

Active Jobs

After service provider assignment, users can:

- View the assigned service provider profile.
- Track walking service progress.
- View booking information.
- Access package details.
- Review schedule information.
- Request a service extension.
- Request walker replacement.
- Cancel the service.

Once the booking becomes active, the remaining workflow and available features are the same as those provided in the **Regular Walking Service**, including Active Service management, Extend Service, Replace Walker, and Cancel Service.

Upgrade to Elite Service

Overview

Pet parents can upgrade an existing **Regular Walking Service** to an **Elite Walking Service** before a service provider has been assigned.

This allows users to receive all Elite service benefits without creating a new booking.

Upgrade Eligibility

The Upgrade to Elite option is available only when:

- The booking is in the **Pending** state.
- No service provider has been assigned.

The upgrade option is not available after service provider assignment.

Upgrade Process

To upgrade:

1. Open the pending Regular Walking Service booking.
2. Select **Upgrade to Elite**.
3. Review the Elite package and benefits.
4. Complete any additional payment, if applicable.
5. Confirm the upgrade.

The existing booking is converted into an Elite Walking Service booking.

Upgrade Limitations

The Upgrade to Elite option is unavailable if:

- A service provider has already been assigned.
- The booking is already active.

In such cases, the booking continues under the originally selected service.

Service Availability

The Petsfolio Walking Service is currently available in the following locations:

- Hyderabad, Telangana
- Mumbai, Maharashtra
- Bengaluru, Karnataka
- Tamil Nadu

Service availability depends on:

- Selected service location.
- Availability of verified service providers.
- Service coverage in the selected area.

Petsfolio Walking Service – Frequently Asked Questions (FAQs)

1. What is the Petsfolio Walking Service?

Petsfolio Walking Service connects pet parents with verified professional dog walkers for scheduled walking services based on their pet's exercise requirements.

2. What types of Walking Services are available?

Petsfolio offers two types of walking services:

- Regular Walking Service
 - Elite Walking Service (Premium)
-

3. What is the difference between Regular and Elite Walking Services?

Regular Walking Service provides standard walking services by verified service providers. Elite Walking Service offers additional benefits including Petsfolio Certified & Verified Service Providers, Priority Matching, 24/7 customer support, and complimentary Paw Cleaning and Combing.

4. Which pets are eligible for the Walking Service?

Currently, Walking Service is available only for registered Dogs.

5. Do I need to register my pet before booking?

Yes. Your pet must be registered in the Petsfolio Client App before booking a walking service.

6. Can I book walking services for multiple pets?

Yes. You can book walking services for multiple registered pets.

7. How do I book a Walking Service?

Select your registered pet, choose Regular or Elite Walking Service, select the frequency, duration, package, schedule, preferred start date, preferred time, optional add-ons, and complete the booking process.

8. What walking frequencies are available?

- Once a Day
 - Twice a Day
 - Thrice a Day
-

9. What walk durations are available?

- 30 Minutes
 - 60 Minutes
-

10. What packages are available in the Regular Walking Service?

- Express Package (3 Days)
 - Short-Term Package (7 Days)
 - Mid-Term Package (15 Days)
 - Long-Term Package (30 Days)
-

11. What packages are available in the Elite Walking Service?

- Paw Start (30 Days)
 - Paw Prime (60 Days)
 - Paw Elite (180 Days)
 - Paw Royal (365 Days)
-

12. Can I choose Weekdays or All Days?

Yes. Both Regular and Elite services support:

- Weekdays
 - All Days
-

13. Can I choose my preferred start date?

Yes. You can select your preferred service start date while booking.

14. Can I choose my preferred walking time?

Yes. You can choose your preferred walking time during booking.

15. What add-on services are available?

- Poo Picking
 - Paw Cleaning
 - Combing
-

16. Which add-ons are included free with Elite Walking Service?

The following are complimentary with every Elite package:

- Paw Cleaning
 - Combing
-

17. Is Poo Picking included in the Elite package?

No. Poo Picking is available as an optional paid add-on.

18. Can I select add-ons while booking?

Yes. Add-ons can be selected during the booking process.

19. Can I modify add-ons after booking?

Add-on modifications depend on the booking status and service provider approval.

20. What happens after I submit a Regular Walking Service request?

The request is shared with nearby eligible service providers who can submit quotations.

21. How are service providers selected for Regular Walking Service?

Nearby verified service providers receive your request and submit quotations. You can compare them before confirming your booking.

22. What information is available in a quotation?

A quotation includes:

- Service Cost
 - Provider Profile
 - Customer Ratings
 - Completed Service History
 - Verification Status
 - Other provider details
-

23. Can I compare multiple quotations?

Yes. The application allows you to compare quotations before selecting a service provider.

24. How do I confirm my Regular Walking Service booking?

Select your preferred quotation and complete the payment.

25. What happens after I complete payment for Elite Walking Service?

Your booking is created immediately and appears with the status **Service Provider Not Assigned**.

26. What does "Service Provider Not Assigned" mean?

It means your booking has been confirmed, but a suitable Elite service provider has not yet been assigned.

27. When does my booking become active?

Once a service provider is assigned, your booking automatically moves to the Active Services or Active Jobs section.

28. Can I track my active walking service?

Yes. You can track your ongoing walking service from the Active Services or Active Jobs section.

29. Can I view my assigned walker's details?

Yes. You can view the assigned service provider's profile, ratings, verification status, and booking details.

30. Can I contact my assigned service provider?

Yes. The application allows communication with the assigned service provider during the booking.

31. Can I extend my walking service?

Yes. Both Regular and Elite Walking Services support service extension.

32. How do I extend my walking service?

Open the active booking, select **Extend Service**, choose the preferred package and schedule, and submit the request.

33. What happens after I submit an extension request?

The assigned service provider reviews the request. After approval, you can complete the payment to confirm the extension.

34. What does the Pending status mean for an extension request?

It means the extension request has been submitted successfully and is awaiting the service provider's response.

35. Can I replace my assigned walker?

Yes. Both Regular and Elite services allow you to request a walker replacement.

36. When can I request a walker replacement?

You can request a replacement if the walker:

- Misses scheduled walks.
 - Is consistently late.
 - Behaves unprofessionally.
 - Does not meet service expectations.
-

37. Who assigns the replacement walker?

The Petsfolio support team reviews the request and assigns another suitable verified service provider based on availability.

38. Can I cancel my walking service?

Yes. Both Regular and Elite Walking Services can be cancelled according to the Petsfolio cancellation policy.

39. Will I receive a refund if I cancel?

Refund eligibility depends on the cancellation policy and booking stage. Eligible refunds or wallet adjustments are processed accordingly.

40. Can I upgrade from Regular Walking Service to Elite Walking Service?

Yes. You can upgrade before a service provider has been assigned.

41. Can I upgrade after a service provider is assigned?

No. Upgrades are available only while the booking is pending and before service provider assignment.

42. Will I need to pay extra when upgrading?

Yes. If applicable, you must pay the price difference between the Regular and Elite service.

43. What are the benefits of Elite Walking Service?

Elite Walking Service includes:

- Certified & Verified Walkers
 - Priority Matching
 - 24/7 Customer Support
 - Complimentary Paw Cleaning
 - Complimentary Combing
 - Premium Service Experience
-

44. What is Priority Matching?

Priority Matching assigns your booking to the most suitable available Elite service provider based on your pet's requirements and location.

45. Does Elite Walking Service include 24/7 customer support?

Yes. Elite customers receive dedicated 24/7 customer support.

46. Where is the Petsfolio Walking Service available?

Walking Service is currently available in:

- Hyderabad (Telangana)
- Mumbai (Maharashtra)
- Bengaluru (Karnataka)
- Tamil Nadu

Service availability depends on location and service provider availability.

47. What notifications will I receive?

The application sends notifications for:

- Booking Confirmation
 - Quotation Updates
 - Payment Confirmation
 - Service Provider Assignment
 - Booking Status Updates
 - Extension Requests
 - Service Completion
 - Cancellations
-

48. How can I report an issue with my walking service?

You can report issues through the booking details page or contact Petsfolio Customer Support for assistance.

49. What should I do if my walker does not arrive on time?

First, contact the assigned service provider through the application. If the issue is not resolved, contact Petsfolio Customer Support.

50. How can I contact Petsfolio Customer Support?

You can contact Petsfolio Customer Support through the support options available in the Petsfolio Client Application. Elite customers also receive dedicated 24/7 customer support.
