

Petsfolio Knowledge Base

Walking Service Module (RAG Documentation)

Overview

The Petsfolio platform consists of two mobile applications:

1. **Client Application**
2. **Service Provider Application**

The platform connects pet owners with verified pet service providers. Clients can request pet services, receive quotations from multiple verified providers, compare offers, and book the most suitable service.

User Types

1. Client

A client is a pet owner who uses the Petsfolio mobile application to book pet-related services.

Authentication

- Login using Mobile Number
- OTP Verification
- No password required

Client Capabilities

- Register/Login
 - Manage pet profiles
 - Request pet services
 - Receive quotations from service providers
 - Compare quotations
 - Book services
 - Track booking status
 - Make payments (if applicable)
 - Rate and review service providers
-

2. Service Provider

A service provider is a verified Petsfolio partner who offers services to clients.

Authentication

- Mobile Number
- OTP Verification

Service Provider Capabilities

- Register as a Petsfolio Partner
- Submit verification documents
- Wait for admin approval
- Receive nearby service requests
- Send quotations
- Accept assigned bookings
- Complete services
- Receive ratings and reviews
- View earnings

Only **verified and approved service providers** are eligible to receive customer booking requests.

Walking Service

Description

The Walking Service allows pet owners to hire professional walkers for their pets.

Only verified service providers can provide this service.

Walking Service Booking Flow

Step 1

Client logs into the Petsfolio application.

Step 2

Client selects:

Walking Service

Step 3

The client fills the booking form.

Booking Information

Field	Required
Pet Type	Yes
Pet Name	Yes
Pet Age	Yes
Pet Breed	Yes
Service Location	Yes
Walk Duration	Yes
Frequency Per Day	Yes
Start Date	Yes
Package	Yes

Booking Fields

Pet Type

Example:

- Dog
- Cat

Pet Name

Example:

- Bruno
 - Simba
 - Charlie
-

The client selects the location where the walking service is required.

Example

- Home Address
 - Apartment
 - Villa
 - Office
-

Walk Duration

Available options

- 30 Minutes
 - 1 Hour
-

Frequency Per Day

Available options

- 1 Time per Day
 - 2 Times per Day
 - 3 Times per Day
-

Start Date

Client selects the date from which the walking service should begin.

Packages

Available packages

Package	Duration
Basic	3 Days
Standard	7 Days
Premium	15 Days
Monthly	30 Days

Add-ons

Clients may choose optional add-on services.

Current Add-on

Poo Picking

Description

The walker will collect and properly dispose of pet waste during the walk.

Booking Request Distribution

After the client submits the booking request:

1. The request is created in the Petsfolio platform.
2. The system identifies all verified service providers eligible for the requested service.
3. The booking request is broadcast to those verified providers.
4. Each provider receives the request in their Service Provider application.

Only verified partners receive the request.

Quotation Process

Each service provider may submit a quotation.

A quotation typically contains:

- Price
- Notes to the customer
- Availability
- Estimated start time (optional)

Multiple providers may quote for the same request.

Client Quote Comparison

The client receives all submitted quotations.

The client can compare:

- Price
- Service Provider
- Ratings
- Reviews
- Experience

- Estimated availability

The client selects one quotation.

Booking Confirmation

After the client accepts a quotation:

- The selected provider is assigned.
 - Other quotations are automatically closed.
 - Booking status changes to **Confirmed**.
